## **DETAILED ACTION**

### ***Response to Amendment***

This action is in response to Applicant's amendment filed October 6, 2005. Claim 19 is cancelled. Claims 1-12 and 14-18 are pending in the present application.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action dated August 22, 2005.

### ***Response to Arguments***

Applicant's arguments filed October 6, 2005 have been fully considered but they are not persuasive.

Applicant argues that the cited references fail to teach or suggest all of the limitations recited in the claims as previously presented. For example, the references do not teach "a gateway machine coupled to the network in communication with the client and separate from the servers..."

As previously stated, Bruck does not explicitly disclose system's structure that has a gateway separate from the server. However, having a computer to function as a gateway integrated or separated from a computer, server or web server, would have been matter of design choice. Because, including in or separating functionality as taught by Bruck from, a computer could easily be done, regardless of computer location, integral or separation, without involving

an inventive concept and without producing unexpected result, would have been obvious matter of choice, which court held unpatentable (See MPEP 2144.04 (V)).

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
